Power to Serve:
Celebrating Public Power Week and Customer Service Week

GPA is celebrating Public Power Week and Customer Service Week this October, recognizing both the value of community-owned power and the employees who serve customers every day.

GPA is also inviting customers and employees to give back through its annual canned food and toy drive. Donations may be dropped off at GPA's Customer Service lobbies through October 13.

AT-A-GLANCE

Public Power Week
Your Community.
Your Utility. Your Power.
October 4–10

Customer Service Week
The Extra Mile
October 5–9

Canned Food Toy Drive
September 23–October 13

Canned food benefits
The Salvation Army.
Toy donations benefit children served by Erica's House and Catholic Social Service.

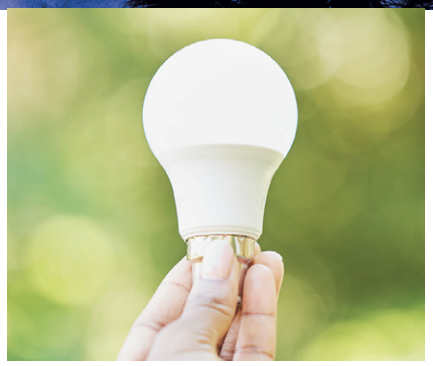

Drop-off:
GPA Customer Service lobbies

Fuel Prices Change Quickly. LEAC Adjusts Over Time

While fuel prices can rise and fall sharply, GPA's LEAC is adjusted periodically to recover fuel costs over time, helping to moderate how those market swings are reflected in customer rates.

Prepare Now for Higher Fuel Recovery Costs

The Public Utilities Commission (PUC) raised the LEAC to 28.2708¢ per kWh for meters read on or after October 1, as sustained high fuel prices continue to affect the cost of generating electricity for Guam. For a residential customer using 1,000 kWh per month, the increase will add approximately $88.56 to the monthly power bill. Customers who use more electricity could see a greater dollar impact.

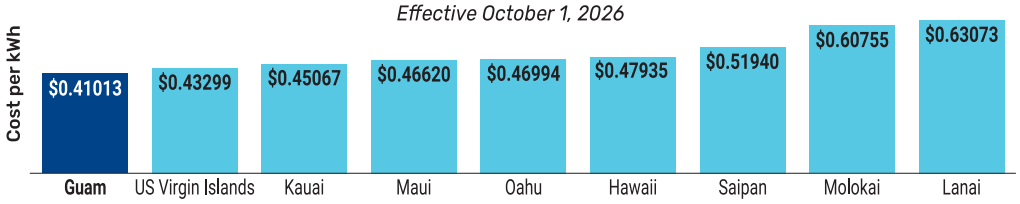

Customers can reduce the impact by looking for ways to reduce their monthly power bill. GPA also provides tools to help customers better understand and manage their consumption. Through MyEnergyGuam.com, customers can monitor real-time energy use, set alerts, compare billing history and establish energy targets to help manage monthly costs.

GPA continues working with Gov. Lou Leon Guerrero, Congressman James Moylan, members of the Guam Legislature, the Consolidated Commission on Utilities and the PUC on efforts to reduce the impact of global fuel costs on ratepayers and identify available assistance and other measures.

Start preparing now. Visit MyEnergyGuam.com to monitor your usage, and follow GPA on social media for practical energy-saving information, tools and ideas you can use to lower your power bill. Visit GuamPowerAuthority.com for more information.

Guam Still Remains the Lowest in the Region

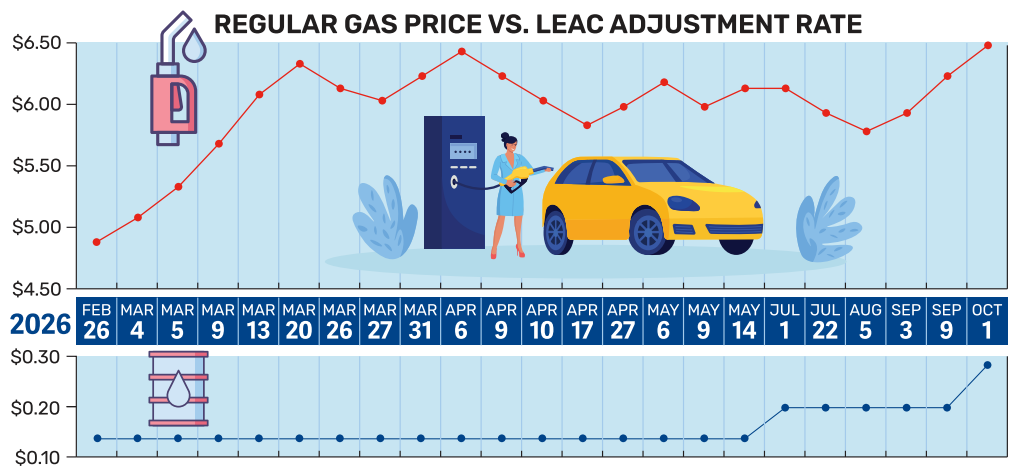

RESIDENTIAL REGIONAL RATES COMPARISON CHART
Effective October 1, 2026

Notes:

1. *Rates for Guam effective October 1, 2026.*
2. *Rates for Saipan effective October 1, 2026.*
3. *Rates for US Virgin Islands effective as of March 1, 2022 and remains unchanged.*
4. *Rates for Kauai, Oahu, Hawaii, Maui, Molokai, Lanai effective October 1, 2026.*
5. *Monthly per kWh rate based on an average residential electriciy usage of 1,000 kWh.*

REGULAR GAS PRICE VS. LEAC ADJUSTMENT RATE

October is Energy Awareness Month

ENERGY sense
Bringing energy solutions to you!

TAKE THE STEPS

Be Efficient. Save Energy. Save Money.

GPA's customer programs

are designed to help customers reduce monthly energy usage, while improving their comfort and quality of life.

POWER TO SERVE

For more Energy Sense saving ideas, visit GuamPowerAuthority.com

Here are the steps to follow:

1 Step 1. KNOW YOUR USAGE

Use GPA's free tool, **My Energy Guam**, to monitor and track your daily, weekly, and monthly energy use.

2 Step 2. ASSESS YOUR HOME

Use GPA's free **My Energy Xpert (MEX)** service for a professional-grade home energy assessment and discover ways to save.

3 Step 3. START YOUR SAVING

Get immediate savings from rebates and incentives through GPA's **Energy Sense Rebate Programs (ESRP)** as well as long-term savings when purchasing qualifying energy-efficient appliances.

4 Step 4. MANAGE YOUR ACCOUNT ONLINE WITH PAYGPA.COM

Log into PayGPA.com or download the PayGPWA mobile app to manage your accounts. Intuitive features allow you to view your statement, check your balance and payment history, update your contact information, check your energy consumption or sign up for paperless billing.

Conserve Now. Every kWh Counts.

Start With Your AC.

- Set your AC between 75°F and 77°F
- Clean or replace filters regularly
- Keep doors and windows closed while the AC is running
- Close curtains during the hottest parts of the day
- Use fans to help circulate cool air

Use Less Hot Water.

- Use a timer for your water heater
- Take shorter showers
- Wash clothes in cold water when possible
- Turn off your water heater when it isn't needed for extended periods

Let Fresh Air In.

- Open windows on opposite sides to create cross ventilation
- Use ceiling fans to improve air circulation
- Run fans only when rooms are occupied
- Choose the right fan size for your space
- Use natural airflow when possible to stay comfortable without relying on A/C

Make Laundry Work Smarter.

- Wait for a full load before running the washer
- Wash with cold water when possible
- Run full dryer loads
- Air-dry clothing when practical
- Clean your dryer lint filter after each load

Keep the Heat Off Your Roof.

- Apply reflective coatings to reduce heat absorption
- Choose light-colored roofing materials
- Consider a green roof for added insulation
- Install solar panels to help shade the roof and generate energy
- Use fans to help circulate cool air
- Keep your roof maintained for better energy efficiency

Cut Everyday Energy Waste.

- Turn off lights when leaving a room
- Unplug chargers and electronics when not in use
- Shut down TVs, gaming systems and computers
- Use natural light during the day
- Use smart power strips for multiple devices

Set a Weekly Energy Target.

Use **MyEnergyGuam.com** to monitor your electricity use and choose a weekly kWh target slightly below your current average.

Check your usage throughout the week and adjust your habits as needed.

Your elected Consolidated Commission on Utilities (CCU) holds two (2) working sessions and one (1) regular meeting monthly. Meeting location is the CCU Conference Room, Gloria B. Nelson Public Service Building in Fadian, Mangilao. For more information and agencies, call the CCU Board Secretary at (671) 648-3002 or visit www.guamccu.org.
